

# Wireless LAN Mini PCI Module

## IEEE802.11a/11g Compliant

## WN-DMP Series

This is a Type IIIB Mini PCI module that complies with the IEEE802.11a and IEEE802.11g standards.  
You can choose the best communication method depending on the wireless conditions and the layout of the building.

### FEATURES

- Complies with the IEEE802.11a and IEEE802.11g standards and is capable of high speed wireless communication of up to 54Mbps.
- Because it complies with IEEE802.11a, IEEE802.11g and IEEE802.11b standards, users can choose the best communication method for a given situation.
- Supports WEP (64-, 128- and 152-bit), IEEE802.1x (EAP-TLS) and WPA for enhanced security functions.
- It is correspond to a diversity antenna to provide stable communication.

### SPECIFICATIONS

Product name	WN-DMP series	
	During 5GHz communication	During 2.4GHz communication
International standards	IEEE802.11a compliant	IEEE802.11g and 11b compliant
Japanese standards	ARIB STD-T71 compliant	ARIB STD-T66 compliant
Modulation	OFDM (Orthogonal Frequency Division Multiplexing)	OFDM (Orthogonal Frequency Division Multiplexing)/ DSSS (Direct-Sequence Spread-Spectrum)
Communication frequency	5.17 to 5.23GHz (central frequency)	2.412 to 2.472GHz (central frequency)
Number of communication channels	4 (automatic channel selection)	13 (automatic channel selection)
Communication speed	54, 48, 36, 24, 18, 12, 9, or 6Mbps (automatic speed switching)	54, 48, 36, 24, 18, 12, 11, 9, 6, 5.5, 2, or 1Mbps (automatic speed switching)
Transmission output	No greater than 19dBm	
Security	WEP (64-, 128- and 152-bit), IEEE802.1x (EAP-TLS)*1 and WPA*2	
Operating voltage	DC.3.3V±5%	
PC interface	Complies with Mini PCI (Mini PCI Type IIIB)	
Supported operating systems of driver*3	Windows®XP, Windows®2000, Windows®Me, Windows®98SE, Linux*4	
External dimensions	Approx. 59.6×44.45×4.8mm [W×D×H]	
Weight	Approx. 17g	

\*1 Only Windows®XP SP1 is supported when using IEEE802.1x.

\*2 WPA compliance TBA.

\*3 Please inquire for other operating systems.

\*4 Linux compliance TBA.

- This product cannot be used outdoors in the 5GHz band due to Radio Law restrictions.
- This product cannot communicate with Bluetooth products.
- This product cannot be used in the 5GHz and 2.4GHz band at the same time.
- Specifications shown in this catalog are for the Japanese market. Please inquire for applications in other markets.
